St. Xavier's College (Autonomous) • Mumbai, Maharashtra 400042 • mendonzajoshua@gmail.com • +91 7738575922

Summary

B.Sc. Information Technology graduate at St. Xavier's College, Mumbai, with experience in full-stack development and practical software projects. Interested in web technologies, enterprise systems, databases, and building practical software solutions through hands-on learning.

Education

St. Xavier's College (Autonomous), Mumbai

Bachelors of Science in Information Technology.

2023 - 2026

Minor: Bachelor of Mass Media (BMM)

CGPA: 9.07/10

Relevant Coursework: Python, DBMS, Web & Mobile Design, Java, Data Analytics, Social Media, Advertising, Principles of Design

Experience

Tofu Digital Development Intern

Mumbai
April 2025 - July 2025

- Worked on a healthcare application connecting users with lab and pharmaceutical services.
- Built frontend interfaces using Flutter and integrated backend APIs using Flask.
- Managed database structure and backend workflows using Supabase.
- Used Git and GitHub for version control and iterative development practices.
- Gained hands-on experience with full stack architecture, debugging, and deployment workflows.

Projects

WayPal, Indoor Navigation System Final Year Project

Jan 2026 – April 2026

- Developed a voice-guided indoor navigation prototype for visually impaired users using ESP-32 BLE beacons and Flutter.
- Worked with BLE signal detection, beacon placement, and audio-based navigation workflows.
- Presented the prototype at a technical exhibition.

Personal Portfolio Website

mendonzajoshua.github.io/Portfolio

- Designed and developed a responsive portfolio website using HTML5, Tailwind CSS, Vanilla JS, GitHub API
- Built to showcase projects, technical skills, and personal work.
- Focused on improving responsiveness, UI consistency, and frontend structure.
